OBJECTIVE

Motivated and detail-oriented Computer Science graduate with strong foundational knowledge in programming and web development. Seeking an entry-level software development role to contribute to innovative projects and grow as a professional in a collaborative environment

PROJECTS

Portfolio | Front-end

I created a 3D portfolio using HTML, CSS, and JavaScript as a front-end project and digital resume for myself.

Weather Tracker | Java

I developed a Java backend for a Weather Tracker application using Threads, File Handling, and Collections.

Movie Booking | Java Full Stack

I developed a movie booking project using Java and the Spring Boot framework, creating a full-stack application. transactions.

Disk Monitoring and Cleanup | RPA

I developed a Disk Monitoring and Cleanup tool using RPA that automates disk space monitoring and cleanup processes to free up disk space.

EDUCATION

B. Tech Information Technology | Anand Institute of Higher Technology

2021 – 2025

Throughout my academic journey, I have consistently maintained a CGPA of 8.1.

HSE | Marist Higher Secondary School

2019 – 2021

In my secondary school, I achieved an overall score of 78% in all subjects.
